

NOVEMBER 2017 ~ BLOCK OF THE MONTH
EXTREME SCRAPPY 25 PATCH

THIS IS A 12.5" BLOCK

Supplies needed: 25 Three inch squares, scrappy

Sew five 3 inch squares together. Make five rows. Sew the rows together.

Often quilters use 2.5" strips, squares, ect to create a project. I have found 3 inch squares show off the fabric design more boldly. This month's BoM is so easy as I have made kits consisting of 25 three inch squares already cut! All you need to do is sew. Of course you can use your own scraps if you like.
